FS Heavy Clean

Heavy Duty Degreaser

FS Heavy Clean

Where to Use

Liquid alkaline cleaner and degreaser. It is effective in the removal of grease and oil, protein soils, and carbonized soils. For use in food service and food handling areas, on floors, walls, cutting tables, trays and all equipment. May be applied with foam generators, pressure washers or by manual application using a mop, brush, or sponge. Diluted FS Heavy Clean is safe on all metals.

Benefits

- Blend of synthetic detergents and alkaline builders
- Effectively removes grease and oil, protein soils and carbonized soils
- Prevents the redeposition of foods during the final rinse
- Safe on all metals when diluted
- Aluminum safe at dilutions of 3.8 - 31.7 oz per gallon (29.69 - 247.66 ml per litre)
- Free rinsing

Directions for Use

Foam Applications: Dilute (1:10) 12 oz per gallon/ 355 ml per 3.8 litres of water.

Heavy Duty Applications: Dilute (1:15-1:30) 4 to 8 oz per gallon/ 120-235 ml per 3.8 litres of water.

Meets USDA Category A1.
Certified Kosher.

Properties	
Color	Clear Yellow Liquid
Fragrance	Mild
Viscosity	5-10cps
VOC's (% by weight) EPA Method 24	4%
pH (concentrated)	14.0
Readily Biodegradable	Yes
Phosphate Free	No

Available Package Sizes	Package Code	
55 gallon drum	#11851057	
5 gallon pail	#11851045	
4x1 gallon case	#11851027	

For handling and precautionary information, reference the product label and safety data sheet.
